
Deliver better business results with HP Thin Clients

HP t5745 Thin Client

The HP t5745 Flexible Series Thin Client is designed with the latest technologies to deliver a true PC experience. With flexible expansion capabilities, the t5745 meets the requirements for today's desktop and tomorrow's client virtualization environments for maximum longevity.

Leading-edge technology
The HP t5745 combines the Intel Atom N280 processor and GL40 chipset, DDR3 RAM, and high-resolution, wide-screen monitor support for an impressive price performance mix. HP boosts the user experience even further with comprehensive multimedia and USB redirection support, including HP RDP Enhancements and Citrix SpeedScreen technology, and support for HP Remote Graphics Software. The low-power HP t5745 meets stringent ENERGY STAR® and EuP Lot 6 requirements.

Industry-leading flexibility
Experience broad application flexibility with HP ThinPro Plus (Linux), support for local applications, a full browser, and extensive terminal emulation. Easily extend the life of the system with a simple memory upgrade memory in the open RAM slot, add in cards to the optional PCIe or PCI Expansion Module or expand storage with a secondary solid state flash drive. Connect a variety of peripherals with eight USB 2.0 (including two in a securable compartment) and legacy ports. Make the most of your workspace by using the HP t5745 in a horizontal or vertical position, mounting it under a desk or on a wall with the optional HP Quick Release, or adding the HP Integrated Work Center Stand for all-in-one convenience.

Exceptionally simple experiences
Quickly deploy simple, familiar and more reliable computing experiences with the HP t5745's enhanced user interface and included HP RDP Enhancements software for a rich client virtualization experience.

Pre-loaded with the industry's most comprehensive management offerings for SMB to enterprise, HP thin clients can be easily managed from a single console, freeing IT staff from common PC break/fix and help desk tasks and leaving more time for strategic IT.

Trusted partner
With the HP t5745 thin client at the desktop, HP's proven portfolio of desktop-to-datacenter hardware, software and services will help you create a thin computing solution that improves your IT and user experience.
